R44 complete fixed 2x2: inherited 4000 + new 4000 updates per model/seed
Pale: both individual seeds. Solid: mean. Rational inference retains its denominator.
Synthetic DEV: 3 sources / 6 conditions
Raw: single-frame inference
RGB PSNR (dB, higher is better)
Reference-flow temporal error (lower is better)
Paired ND DEV: 4 sources
Raw: single-frame inference
RGB PSNR (dB, higher is better)
Reference-flow temporal error (lower is better)
Synthetic DEV: 3 sources / 6 conditions
Recursive .5: motion + RGB history
RGB PSNR (dB, higher is better)
Reference-flow temporal error (lower is better)
Paired ND DEV: 4 sources
Recursive .5: motion + RGB history
RGB PSNR (dB, higher is better)
Reference-flow temporal error (lower is better)
Square / MSE
Square / temporal
